## BLAME Hitchcock Is EACH OTHER For Wreck

FINANCE CAPTAIN  
Says the Other Boat  
Was Mile Distant  
When Sighted.

GEORGIC CAPTAIN  
Says Finance Did  
Not Observe the  
Signals.

NEW YORK, Nov. 27.--Wreckers were at work today in the submerged hull of the Panama Railroad steamer Finance, which was sunk off Sandy Hook yesterday in collision with the Georgic. Today, if the sea is not too rough divers will go down and examine the hole in the steamer's side, caused by the Georgic's prow, and ascertain the best method of patching so as to float the sunken vessel. The after cabin of the Finance has been loosened by the sea and was washing about today. The hull of the steamer was completely submerged.

### Government at Work

Government inspectors began today an investigation of the cause of the collision. Captain Bowray, of the Finance, has been quoted as saying that he saw the Georgic when she was nearly a mile distant and that the collision could have been avoided if that vessel had backed her engines and put her helm to port.

On the other hand, Captain Clarke of the Georgic says that the Finance did not observe the signals to pass on the port side of the Georgic.

To Be Postmaster-General for Taft

FRANK H. HITCHCOCK.

NEW YORK, Nov. 27.--The Associated Press has been authorized to announce that Mr. Frank H. Hitchcock has been offered and has accepted the position of Postmaster-General in Mr. Taft's Cabinet. This is the first Cabinet position filled.

## Yeggmen IN SEATTLE MURDER

Well-Known  
Business Man

Almost Tore Off One  
Of His Fingers to  
Get Valuable Ring  
From It.

SEATTLE, Wash. Nov. 27.--Hugh McMahon, proprietor of the American cafe and a well-known business man, was found murdered, in the front yard of a residence next door to his own, at 8 o'clock this morning out in the unlighted part of the city suburbs. McMahon's overcoat had been turned over his head, thus hiding his face, which had been battered to a pulp as if by a slung shot and his skull had been fractured.

### Tore Off Finger

The third finger of his left hand had been nearly torn off and a .440 diamond had been wrenched from it. A \$100 Swiss gold watch was missing and his pockets were turned inside out. It is believed that he had several hundred dollars in cash in his pockets. The police believe the murder was the work of yeggmen. The peculiar manner in which the coat was made to hide the head is said to be a yeggman's trick.

## TRIED TO KILL HERSELF After Quarrel With Husband

(Special to The Tribune)  
SAN FRANCISCO, Nov. 27.--Following a quarrel with her husband at her residence 204 Valencia street late last night, Mrs. Lena Pauls, 39, slashed the wrist of a child of her husband in an attempt to commit suicide.

Hearing the screams of the woman, one of the lodgers sent in a call for an ambulance, but when the steward arrived the husband refused to let his wife go and made threats of violence toward the hospital man when he insisted. The police were notified and when an officer arrived he found

## LOCOMOTIVE EXPLODES

Just Turned Out of the  
Shops; Engineer Is  
Killed and Fire-  
man Hurt

PARSONS, Kans., Nov. 27.--Engineer Frank E. Melville and fireman F. W. Roe were killed and the locomotive was fatally injured today by the explosion of a Missouri Kansas and Texas Railroad freight engine near Idethro, Kans.

The engine, a mogul, was turned out of the shops yesterday after a complete overhauling.

## President Castro On Way to France

FORT DE FRANCE, Martinique, West Indies, Nov. 27.--President Castro of Venezuela, who left La Guaira on November 24 on board the steamer Guadeloupe on his way to Bordeaux, where he will undergo an operation at the hands of German specialists, arrived here today. The Guadeloupe will sail from this port today.

## The Kaiser's Cold Is Better Today

BERLIN, Nov. 27.--A bulletin issued by the physician from the new palace at Potsdam this afternoon says there is an improvement in the condition of Emperor William, who is suffering from a cold. His made is now able to pass several hours out of bed this morning.

## Mob Fills Man With Buckshot Who Gave Warning That His House Was TO BE Dynamited

## UNION NATIONAL BANK MUST GIVE UP PRESENT QUARTERS ON DEC. 31

Owners of Property Have Received Good Offers from Business Firm for It, and Bank Will Not Pay Increased Rent.

There was placed on record today in the office of the county recorder of Alameda county two deeds of conveyance, one from Thomas Prather to the Union National Bank, and the other from the Union National Bank to Hannah J. Adams. These deeds were delivered some sixteen years ago, both being dated July 1, 1892. The property conveyed is situated on the north west corner of Broadway and Twelfth street.

### Bought in 1891

The records of the bank show that Prather held the property as trustee for the bank and that he acquired title to it in October, 1891. At the same time Prather filed a declaration with the bank to the effect that he held the property as such trustee for the bank and not otherwise. The bank acquired the property from John C. and Edward Coleman, two brothers, the well-known mining men from Grant's Valley, for the sum of \$128,000.

### Sold to Mrs. Adams

In June 1892, the directors of the bank authorized the sale of the prop-

erty to Hannah J. Adams for the sum of \$143,000, an increase of \$15,000 over the price that it had paid for the same the year before. Mrs. Adams filed with the bank a declaration or option to the effect that the bank could repurchase the property at any time up to July 1, 1893 by repaying to her the exact amount that she had paid to the bank, namely \$143,000 but that the bank never availed itself of this option. This was during the period of hard times prevailing in 1893. No withdrawal of the expiration of its option the bank had the opportunity to repurchase the property for a long time thereafter at the exact figure obtained by it from Mrs. Adams.

### Big Rental Offers

In connection with the foregoing, it is said that the Union National Bank occupies and has occupied a portion of the premises above referred to for its purposes as a bank and that it has been running the same under a lease from month to month, that through the indulgence of the owners, the rent paid by the bank is and has been several hundred dollars per month less than the amount that others were willing and have offered to pay for that portion of the premises occupied by the bank.

### Losing on Rents

These offers came from those who purposed to conduct a first-class mercantile business. With the consequence that although the present owners are not connected with the bank and have only that general interest in its affairs taken by the owners of buildings generally, they have lost several thousands of dollars at they might have received as additional rent, had they accepted the offers offered to them.

### Notified to Vacate

It is also said that the board of directors of the bank are desirous of having the premises vacated at once and that they have called upon the owners to continue their lease above stated indefinitely. The owners have decided upon a definite time to which the property to be put to use accordingly, cause to be served today a notice to the bank terminating its monthly tenancy and requiring it to surrender up the premises on December 31, 1909.

## MINING CAGE DROPS, KILLING ONE AND INJURING FOUR

SPRINGFIELD, Ill., Nov. 27.--Failure of the engineer, Charles Humphrey, to stop the cage in which he was carrying several miners to the bottom of the mine caused the cage to go to the top of the shaft at the Chicago Springfield Coal Company's mine north of this city this morning. Ernest Unger fell down the shaft and was killed and six other miners were thrown out of the cage and more or less injured.

## Lathan in Court for Alleged Bribe-Taking

(Special to The Tribune)  
SAN FRANCISCO, Nov. 27.--Alexander Lathan, former chauffeur of Abraham Ruef, arrested by Burns detectives in Portland, Oregon, and subsequently testified in the present trial in Judge Lawlor's court was brought before Police Judge Cabanis this morning.

## PRESENCE OF STATE TROOPS KEEPS RIOTERS QUIET IN PERTH AMBOY

PERTH AMBOY, N. J., Nov. 27.--While there was anticipation of trouble, when the plant of the National Fire Proofing Company attempted to resume operations today after the holiday suspension, the strong guard of troops evidently discouraged any demonstration and quiet reigned throughout the entire district.

The rumors of conflict between the soldiers and the strikers last night were found to be without foundation. Further efforts to bring about a settlement of the differences between the men and the officials of the works will be made today.

## Love Interferes With Care of the Insane

SAN FRANCISCO, Nov. 27.--Constitutional State Hospital for the Insane, a Patton by an order issued by Judge Superior in Scott 24, in ordering the attack upon the marriage bond is that the officials have found that love interferes with the efficiency of attendants, and marriage completed hampers the systematic workings of the institution. The order will affect a number of the most popular attendants but among those who are not affected there is no protest.

As the outcome of a desperate and bloody battle fought in the little settlement of Bay View, two miles north of the county line early this morning, two men are terribly wounded, one of whom will die within a few hours.

It was a genuine Italian vendetta. The wounded men are Italians and so are their assailants. The weapons used were dynamite, shotguns, revolvers and knives. Over fifty shots were fired during the fight.

### Man Will Die

Joe Taubando, one of the wounded men will die. He is now at the Alta Bates Sanitarium in Berkeley.

Antone Bernardo, shot in a half dozen places, is at a hospital in Richmond.

### Three Men in Jail

Three men are in the jail at Richmond, but they are only a few of a gang of desperate and bloodthirsty ruffians. Officers are now searching for these men. Those in jail are Manuel Lopez, Peter Taubando and Domingo Basques.

It was a little after midnight that the residents of Bay View, which lies in Contra Costa county, were terrorized by the shooting. It was not, however, until daylight this morning that any information regarding the tragedy was conveyed to the officers. Then Constable John Murray of Richmond and Deputy Sheriff

## Married Man Shoots Girl and Self Supposed to Have Lived in Oakland

PITTSBURG, Nov. 27.--A. P. Frankel, 30 years of age, shot and probably mortally wounded Ida Canton 23 years and then shot himself this afternoon in a resort here. Both are in a hospital in a critical condition. Frankel is a married man has two children and lived in Duquesne, a suburb. Miss Canton is said to have come from New York recently. Frankel wanted the girl to go with him to his home. McMahon's wife to whom he was married twenty-seven years ago, does not know of his death. She was told that he was injured. McMahon was 45 years of age. His brother, Patrick McMahon, lives at Oakland, Cal.

P. McMahon, a brother of Hugh McMahon, the murdered Seattle man, is a contractor at 1676 Eleventh street, this city. Hugh McMahon has never lived in Oakland. When seen by a representative of THE TRIBUNE, Mrs. McMahon had not heard of the killing of her brother-in-law. Mrs. McMahon stated that Hugh McMahon was forty years of age, married and had no children. He had lived in Seattle for five years.

## THUGS ROB A WELL KNOWN MAN OF \$3800

KANSAS CITY, Mo. Nov. 27.--Martin H. Holloran, a mining engineer who came to Kansas City from Pittsburgh two months ago, was attacked by two men last night and robbed of \$3800. Holloran had brought the money with him to invest here and it is supposed his assailants saw him display the roll of bills. He was struck on the head by the robbers, but was only slightly injured.

## CHARGE GIRL WAS BOUGHT AS SLAVE

SPRINGFIELD, Nov. 27.--That N. M. Parsons, a mining engineer, had purchased from his wife in North Carolina and held as a slave in Seattle the charge girl by the name of the young girl, who is now in the custody of Judge P. H. H. H.

It is said that the girl is not permitted to attend the public schools to associate with other children or to attend a Sunday school but is compelled to stay in a house and attend to the domestic duties of her white mistress, Mrs. H. H. H.

## Heney Out Again in Automobile Today

SAN FRANCISCO, Nov. 27.--Union Pacific Heney was out in an automobile today on a trip to the coast. The trip was so satisfactory and the crisp air so bracing that there was no objection to his going again this morning.

# GIRL WOULD SAVE HER FIANCE

## HURRIES TO THWART ALLEGED CONSPIRACY

Los Angeles Young Woman Says Her Sweetheart Was Taken From Her in Arcade Depot by Kidnappers.

SAN FRANCISCO, Nov. 27.—To rescue her fiancé from what she believed to be a black conspiracy, Miss T. Gleda of Los Angeles has been speeding all night toward San Francisco as fast as the Southern Pacific train could carry her. The girl claims that her promised husband was kidnapped at the request of his mother by two men, and taken from under her eyes while she stood by powerless to save him.

Miss Gleda says she saw her fiancé in the custody of two men at the Arcade depot in Los Angeles, Tuesday night, and that when she attempted to speak to him the man hustled him on an Owl train. She went at once to the police station, but before she could get any aid the train had pulled out of the depot. The girl, who lives at 2147 South Olive street, Los Angeles, says that Scherer's mother, Mrs. Ada A. Brown, with whom he was living up to the time of his disappearance, wanted to have her son committed to an asylum so that she could be appointed as the guardian to a \$10,000 estate left to the young man, and also that she might marry a man named John Evans, whom Scherer opposed as a prospective stepfather.

# WENDETTA ENDS IN TRAGEDY

(Continued From Page 1.)

noitoza of San Pablo went to the scene.

## Dying Man Talks

Joe Taubando, who cannot see, today told the officers how the shooting occurred. He would not, however, give an intelligent explanation of the trouble leading up to the battle.

All the Italians concerned work in the San Pablo rookery. Soon after midnight, a gang surrounded the cabin in which the Taubando brothers lived and began showering with rocks. Joe Taubando was returning home at the time and he hesitated as he saw the assailants throwing the rocks. Then he heard them plan and saw two men creep up to place a charge of dynamite under the cabin.

Desperate with fear, the man threw caution to the winds, rushed through the crowd and into the cabin to warn his brother. Then he started to come out again to fight off the assailants. As he opened the door he was met by a full charge of buckshot. The charge struck him in the abdomen and he fell mortally wounded.

The other brother opened fire in slightly wounding one of the gang outside. A rain of bullets and shot struck the house and several of the Italians rushed upon Taubando with knives, to be driven back by his fire.

By this time the neighborhood was aroused and many men ran to the scene. The Italians scattered.

## No Medical Attendance

For five hours Joe Taubando was allowed to lie without

fire from the cabin and succumbed to medical attention. It was not until the officers arrived that he was taken to the hospital. All through the early morning hours armed Italians were prowling about the place. The 300 residents were terror-stricken.

## Ring Leaders at Large

The officers do not think they have the ring-leaders of the murderous gang. They believe the chief made his way into Berkeley on the last car. A posse has been ordered out from Martinez and many arrests are expected to follow.

The residents of Bay View have known for some time that the Italians were quarreling and arming. The trouble was not unexpected.

## Cholera Breaks Out In St. Petersburg

ST. PETERSBURG, Nov. 27.—A fatal case of cholera, which since its prevalence here for three months, has been thought to be wiped out, seems now to have broken out afresh. In the last 24 hours there were 71 new cases in this city.

## PARTAKES OF BANQUET AND DEATH FOLLOWS

RENO, Nov. 27.—That George Rubin, a prominent Virginia City undertaker, was determined to end his life when he selected his coffin and around a month ago, was brought to light yesterday when it was learned that he committed an act which he knew would result in certain death. He was just recovering from a severe attack of typhoid fever and had eaten nothing substantial for days. The physicians and nurses warned him against taking substantial food.

In the face of this, Monday night he arranged for a big banquet for himself, the menu consisting of rich salads and entrees, including wine. As a climax he ordered two large crabs. He ate everything and went to bed. The following day he died, his final words being an order that his remains be buried by a Roman undertaker and not trusted to a business rival on the coast.

## HOMELESS LABORERS FED BY GOSPEL ORDER

The Gospel Mission of the Original Helping Hand Woodyard participated in the distribution of Thanksgiving by welcoming to their table some 100 homeless men. Three tables at 30 Sixth street were filled with the poor. Each one was given a hot and suet. To some it was the best meal they had had for many months.

# CHARGED WITH ATTACK UPON A WOMAN

## Man Who Forfeited Bail on Petty Larceny Charge Is Again in Jail, Accused of Felony.

Henry Mainone, who recently forfeited \$50 bail up to insure his appearance in court for trial on a charge of petty larceny, was arrested last night at Pacific street and Broadway by Officer Daniel Chappin, the hero of Tuesday night's fire in the Chinese district, and is locked up at the city prison on a criminal charge preferred by Mrs. Scherer, who lives with her husband at the Carlton house, Ninth street and Broadway. Mainone denies his guilt.

According to the complaint made by Mrs. Scherer, the accused man entered her apartment in the building house about a month ago and assaulted her. Last night he was walking on Broadway and he saw the woman at the same time and when Mainone started after him he took her by the hair, running along Broadway. The chase created considerable excitement on the main thoroughfare of the city and in a few moments a full squad was in pursuit of Mainone. Although it was not generally known what he was doing, when he was arrested he was charged with the same offense.

When the excitement was at its height, Mainone, who was on a passing street car, jumped from the car and joined in the chase. He soon atavick Mainone and landed him in jail, where he is held pending the filing of a criminal complaint against him by his new stepmother.

# BRILLIANT FUNCTIONS MARK SOCIETY IN S. F.

SAN FRANCISCO, Nov. 27.—Mr. and Mrs. Frederick Stratton gave one of the most brilliant of the season. The floor of the beautiful new ballroom at the St. Francis Hotel was exceptionally good and will be the scene of many other handsome affairs.

Mr. and Mrs. William Gwin have decorated their ballroom for several days on account of the illness of Miss Gwin, who is confined to her apartment at the Hotel with a severe cold.

Miss Maud Miller will entertain at a large luncheon party on December 4.

Mr. and Mrs. Horace Bradford Chase and their family expect to come to San Francisco in the near future to remain here a couple of weeks before going to Santa Barbara, where they intend to spend the winter. Mrs. Chase will be accompanied by her daughter, Miss Sarah Chase, and it is for this reason that she has decided to go south.

Mr. and Mrs. Peter Martin expect to leave tomorrow morning for New York and to be absent a month. In San Francisco, during which time they have made many friends who will miss them greatly.

Miss Christine Pomeroy was the hostess at a delightful luncheon today at the Town and Country Club. Among those present were Mrs. Helen Jones, Miss Ethel McAllister, Miss Hannah Du Bois, Miss Emily Du Bois, Miss Clara Allen and Miss Maud Wilson.

Among those who will participate at dinners preceding Mrs. Henry T. Scott's ball at the St. Francis hotel are Miss Emma Crick, Miss Ethel McAllister, Miss Arthur Ford and Miss Harriet Alexander. This ball is being eagerly anticipated.

The services will be simple.

Rev. L. L. Leathem of the First Baptist Church conducted the services.

Mrs. Stratton was for years a prominent member and worker in both the Eighth Avenue and the First Methodist churches, but for the past five years she had been forced to withdraw from all activities.

Mrs. Stratton had a large circle of friends who had known and loved her through her long and useful life.

The interment was held in Mountain View cemetery.

## JUMPS FROM MEMPHIS BRIDGE

MEMPHIS, Nov. 27.—Unable, it is believed, to choose between his wife with whom he had become reunited after a separation and Miss Norma Acton, a young woman of Avondale, Ala., whom it is alleged he had become enamored with, during the time of separation, W. E. Kimball of New South Memphis jumped from the Memphis bridge and ended his life. His body was discovered today.

## MEETS TRAGIC DEATH.

LODI, Nov. 27.—Daniel Boone Wilson, a drayman, was killed instantly here last evening by the accidental discharge of a shotgun he was carrying while on his way home from a hunting trip. The "snafu" of the hammerless weapon was opened by contact with his clothing. The top of his head was blown off. He leaves a widow and seven children.

## A SECRET FOR WOMEN

Tells How Ugly Deformed Women Become Superb of Figures.

The treatment consists of applying a powerful, harmless, vine-stimulation direct to the skin, to be absorbed and utilized to create nourishment of flesh and tissue growth. The most beautiful changes are wrought; ugly, deformed women with scrawny neck, arms and limbs, with no bust development at all, obtain a noble, beautiful figure, with well-rounded arms and neck, full, normal bust, exquisite curve and proportion, and shapely figure so much admired in our great actresses and society leaders.

Obtain the ingredients separately at any good drug store and mix carefully at home. Get two ounces of glycerine, four ounces of rose-water, one ounce of castor-oil, one ounce of linseed-oil, and one ounce of sweet-almond-oil. Mix the above with the ingredients and let stand two hours; then add rose-water and a teaspoonful of borax. Apply morning and night, rubbing it in thoroughly. Then wash with hot water and soap, and dry. It is so good that one woman developed a figure that won for her a very, very wealthy husband.

## COURT-HOUSE JANITORS BEFORE GRAND JURY

Inquisitors Charge That Too Much Dust and Dirt Are Allowed to Accumulate About County Courthouse.

The court house janitor service was under the probe of the grand jury this morning when a complaint was made by several members of the inquisitorial body that the court house corridors, offices and court rooms are kept in an uncleanly condition.

Among the witnesses examined in connection with this matter were Superior Judge Ogden, Supervisors Horner, Bridge and Mitchell, Tax Collector Barber, Chief Deputy Assessor Robinson and Janitors Harlan, Williams, Cobb and Summers.

The county officials were asked about the condition of their offices and how the matter could be remedied to relieve the situation. The janitors were next called and asked why the old benches, boards and trash from the remodeled offices were permitted to accumulate around the court house.

**Complain of Dirt**  
The janitors declared that carpenters working on the building making alterations will not allow any of the dismantled fixtures to be removed until the work is finally completed. In the meantime, complained the grand jurors, too much dust and dirt had been gathering in the court rooms and offices and was not cleaned up as often as it might be to maintain strict cleanliness.

The complaint has been made by some of the Superior Court judges that they have been obliged to have their desks and balliffs dust off benches and desks where dirt had gathered over night or from the day before. What the grand jury thinks about the condition will probably be reported until the final report is rendered.

## LABOR WANTS TIN DUTY MAINTAINED

Representatives Appear Before Ways and Means Committee.

WASHINGTON, Nov. 27. — Representatives of labor appeared before the Ways and Means committee of the House today to advocate the maintenance of the duty on tin.

John Williams, an official of the Amalgamated Association of Iron, Steel and Tin Workers, asked that the duty on tin plates be maintained and the system of drawback in exported tin manufactures be abolished. The reduction of the duty, he said, would demoralize the American industry.

As Williams was about to leave the stand, Chairman Payne read a letter from Pittsburgh, protesting against Williams' appearing before the committee to represent tin workers. The letter gave as a reason, the fact that he had advocated Bryan's election.

This led Williams to denounce the rival union. "But are you in the employ of manufacturers?" asked Payne.

"Positively not, sir," was the reply. "Tariff reform as radical as to exceed that urged by Democrats was advocated by Jesse P. Horton, of the New York Tariff Reform Club."

## MURDER BEING KEPT QUIET, THEY CHARGE

Nationalists in Paris Accuse Police--Physicians Say Woman May Have Killed While Under Hallucination.

PARIS, Nov. 27.—The case of Madame Steinhell, who was arrested in this city yesterday, after a day of sensational developments in the matter of the murder of her husband and her stopmother, Madame E. Japy, in his city last May, was today taken out of the hands of M. Leydett, the examining magistrate who has been in charge up to the present, and turned over to Magistrate Andreux. Madame Steinhell is under arrest on the charge of aiding and abetting in the murder of her stopmother.

Expert physicians have declared that Madame Steinhell is suffering from a kind of hysteria, peculiar to a certain class of neuroathetics, which manifests itself in the invention of the wildest accusations.

There is in full blast today a campaign by the nationalists and intelligence press in an effort to prove that the authorities have had an interest in smothering the truth concerning these murders.

## FLEES FROM DEATH IN BOAT

PORT AU PRINCE, Hayti, Nov. 27. —General Leconte, who was reported a few days ago, to have been killed at Jeremie by the revolutionists, has arrived here. He got away from Jeremie in a rowboat with four officers and two sailors, and after being at sea for three days, without provisions, finally succeeded in reaching land at Petit Gouave. The general declares that the reports that three men had been put to death at Jeremie on his orders were unfounded.

Le Conte has resumed the duties of Minister of the Interior and General Auguste who was given this post when Le Conte was thought to be dead, has been made Minister of Public Works, in succession.

Three divisions of experienced troops left here today for the South to take the field against the rebels.

BERLIN, Nov. 27.—Advisers received from Port au Prince, Hayti, say that the situation showed considerable improvement.

German merchants have requested the government to furnish them protection, but in view of the fact that French and American warships soon will be at Hayti the foreign legation does not think a German vessel will be required.

# ROBBED IN CHURCH IS BELIEF

WORSHIPER MISSES OVERCOAT AND GLOVES

Albert Anderson Reports Theft to Police and Information Is Also Given of Other Operations by Robbers.

While attending morning services in the First M. E. Church, Fourteenth and Clay streets, Albert Anderson of 1735 1/2 Eleventh avenue was robbed of his overcoat and a pair of gloves which he had left in the study of the church. Anderson is not certain whether he is the victim of a professional thief, it being possible that some other member of the congregation may have carried off the garment by mistake. Anderson hopes this opinion will prove true and that the present possessor of the overcoat will soon discover his error and make reparation.

John Snyder of 930 Fifth avenue complained to the police this morning that a burglar pried open the front door of his residence last night and stole a ladies' gold watch from the bureau drawer. Charles A. Campbell of 1119 Broadway reports that a thief who operates with a false key entered his bedroom last night and stole a suit-case, a suit of clothing and a quantity of underwear.

## WIFE SEEKS DIVORCE.

Mary J. German filed suit for divorce this afternoon against William E. German on the ground of desertion. The couple were wedded at San Jose, December 5, 1932, and two years later German left home and never returned, according to the complaint.

# BILLIK'S MOTHER IS DEAD

Famous Murderer Breaks Down When Told

CLEVELAND, O., Nov. 27.—Mrs. Barbara Billik, mother of Herman Billik, who is under sentence of death at Chicago, died at her home here yesterday. She had suffered from heart trouble and drooped for several months.

On Wednesday last Mrs. Billik received a farewell letter from her son. When reading it she fell into a faint and was revived only after several hours. Since then her death has been expected at any moment.

Several months ago Mrs. Billik arranged with an undertaker to bury the bodies of

herself and son side by side in a local cemetery.

## Billik Broke Down

CHICAGO, Nov. 27.—Herman Billik has just received a letter from his mother, Mrs. Barbara Billik, expressing her belief in his innocence and in which she said: "I am praying night and day that I may live to see the removal of all my child's troubles. I am sending you two dollars, all I can spare. The letter was signed: 'With a dozen kisses, your heartbroken mother.' Billik was deeply affected by the news of her death.

# SLAYS STEPFATHER TO SAVE MOTHER'S LIFE

HEALDSBURG, Nov. 27.—To save the life of his mother, who had been attacked by her husband, John Ingelman, the 13-year-old stepson of Frank Day, shot and instantly killed the latter at his home Wednesday night.

Day came home early Wednesday night, after having been drinking all day, and commenced to abuse and beat his wife and her boy.

The mother pleaded for her husband to desist, but he yelled that he intended to kill both of them if support was not ready at once.

Despite the injuries she had received, Mrs. Day started to prepare the evening meal, thinking that her husband would forget his threats.

Before the dishes had been placed upon the table Day sprang to his feet with an oath and made another attack on his wife, throwing dishes at her and screaming that he would cut out her heart and then kill himself.

It is an attempt to protect his mother the

boy was hurled to the floor and his head kicked until his strength was exhausted. Then Mrs. Day sprang at her husband and managed to deflect his attention for a moment. Ingelman leaped into an adjoining room and after securing a revolver belonging to Day returned to the room where his mother was struggling for her life.

The entrance of the boy attracted Day's attention and the knife he had grabbed from the table, with which he was about to cut the woman's throat, was poised in the air for a second.

Ingelman fired one shot and the bullet struck Day in the middle of the forehead. As he fell he made one convulsive effort to wound the woman.

Exhausted by the struggle, Mrs. Day fell to the floor in a faint. When she recovered consciousness the mother and son carried the body into another room and left the house to summon the neighbors.

No attempt has been made to place Ingelman under arrest, the general opinion being that he acted in defense of his own and his mother's life.

# PROSECUTION GAINS A POINT IN RUEF CASE

(Special to The Tribune.)

SAN FRANCISCO, Nov. 27.—The prosecution gained a somewhat important point at the opening of the brief trial in Judge Lawlor's court this morning when, after a long argument by Attorney Matt Sullivan, the conversation between Ruef, Gallagher and ex-Supervisor Wilson in March, 1907, at the St. Francis hotel was admitted in evidence.

Attorney Sullivan had stated on Wednesday that the prosecution intended to prove an admission of guilt on the part of Ruef in the conversation. The defense's objection was directed against Wilson's statement that Ruef had said, referring to Gallagher's confession, "If I was in your place I would not have answered that way." Whereupon the witness said, "Well, you are in his place."

## New Emperor Will Take Throne Dec. 2

PEKIN, Nov. 27.—The government has decided on December 2 as the date for the ceremonies attending P'u Yi's ascension to the throne. It has been understood that this ceremony was to be performed on New Year's day, when the era of the late Kuang Hsu expired. The apparent urgency of the government is ascribed to a desire to relieve the anxiety of the official class.

A reward of 2000 taels has been offered for the apprehension of the leader of the recent revolutionary outbreak at Nanking.

Ruef asked Gallagher regarding his confession and the latter replied, "There is no use discussing details. I testified to the truth and you know what the details are."

## To Succeed Gallagher

After the objection had been overruled, Wilson went on to tell of an interview with Ruef at the Republican convention of 1905 when Gallagher was seeking the nomination as judge of the Appellate Court. He said that Ruef had suggested that in the event of Gallagher's election he (Wilson) should take his place as chief of the board. He told Ruef, however, that he did not want the position.

Regarding the sitting rink ordinance which was voted down in the caucus before the Supervisors' regular meeting, the witness said he had opposed it because he believed it was a plan to trap the board.

## Given a Scare

Wilson next told of another scare which he had received that the hoodlums in the board had been discovered. He asserted that he went to Mr. Ruef's office on September 1 and pointed out Herbert Chynowski, talking to Jesse Morris, and said he thought the former was telling the exact amount of the exact amount, but that he had denied it. Ruef then replied that there must be a leak in the board, and the witness concluded that it probably came through Supervisor Kelly. During this conversation there was some discussion about making Attorney Chynowski attorney for the Liquor Dealers' Association.

When Attorney Kelly took Wilson under cross-examination he immediately brought before the jury the fact that the ex-supervisor had been indicted following his

testimony in a previous trial because it was not satisfactory to the prosecution. "Are you not moved," asked Ach, "by your testimony by the fact that if you do not give your evidence to suit the prosecution you can be sent to San Quentin for forty-two years on the three indictments against you?"

The prosecution's objection was sustained by the court. Wilson was still on the stand at the time of the noon adjournment.

—glasses that harmonize with your features will actually improve your appearance.

The success of a pair of glasses depends upon three things: First, the perfection of the lenses and the actual relief they give to the eye; second, the comfort in the fitting of the frame and, third, the manner in which the style of glasses adopted conform and harmonizes with the countenance of the wearer.

For simple eye troubles, most any optician can adjust a fairly correct lens; most opticians can fit a frame that will stay on, but it takes an expert to combine all these important elements in a frame that always harmonizes with the particular facial characteristics of each different individual.

Did you ever notice anyone wearing glasses who actually looks better with them than without them?

Did you ever see glasses upon a person which seem to blend and really be a part of their physiognomy?

If so you can rest assured that these glasses were either most luckily adapted or were most carefully selected by an expert frame fitter.

Mr. C. L. Hogue, who is in charge of our Oakland store, has made a study of this important branch of the optical business and if you will ask for him we can assure you he can fit you to a pair of glasses that instead of detracting, will actually add to your appearance.

The day of facial disfigurement, as far as glasses are concerned, is past.

# CADETS TO CLASH ON GRIDIRON

ANNAPOLIS READY TO MEET WEST POINT

Contest Takes Place at Philadelphia Tomorrow, the Sailor Lads Being in the Lead.

WEST POINT, N. Y., Nov. 27.—With the cheers and songs of the entire battalion of cadets ringing in their ears as their team pulled out of the depot, the army football team left today for Philadelphia to meet the naval eleven in their annual game on Franklin Field tomorrow.

Navy Team Leaves  
ANNAPOLIS, Md., Nov. 27.—The navy football squad left today for Philadelphia to make the supreme test of the season against the army cadets of Franklin field tomorrow. The party was given a rousing send-off.

In all likelihood the navy will face the army at the opening of the game in the following order: Jones, T. R., North-croft, left tackle; Meyer, left guard; Bling-luff, center; Wright, right guard; Lachin, right tackle; Bettender, right end; Langlois, quarterback; Dalton, left half back; Clay, right half back; Richardson, full back.

Some uneasiness is felt here over the fact that neither Reidfield nor Jones is in good physical condition.

Practicing On Gridiron  
PHILADELPHIA, Nov. 27.—In prime condition and anxious for the fray tomorrow, the army and navy football teams arrived here today. The players spent part of the afternoon in light practice. The midshipmen had the first use of the field and later the cadets were given possession of the gridiron.

For fear that the "onemans" might be watching, the teams did not indulge in any now formations on the open field, but reserved these drills for the secret y of the large hotel rooms.

The largest crowd that ever saw a football game on Franklin Field is expected to witness tomorrow's contest.

President Roosevelt has sent word that he will be unable to attend.

The President's daughters, Mrs. Longworth and Miss Ethel Roosevelt, will represent the President's family. Secretary of War Wright and Assistant Secretary of the Navy Newberry will also be here.

# NOT MURDERER OF MARGOVICH

Police Say Man Held or Suspicion Is Not Fugitive Smith.

After receiving a picture of the suspect in the Margovich murder case, who is under arrest in the northern section of the State of Washington, the local police today arrived at the conclusion that the man is not Frank Smith, the restaurant proprietor's slayer.

The picture was shown to the partner of Margovich today and he agreed with the police that the suspect is not the much-wanted man. The northern officials, however, have not been instructed to this effect, as detectives are still investigating the case with the possibility that the prisoner may be the murderer.

## Last of the Senate Boodling Cases.

The indictment against former State Senator Eli Wright of Santa Clara county was dismissed by Superior Judge Hughes of Sacramento county last Wednesday on motion of the District Attorney, who stated that it would be impossible to obtain a conviction on the testimony available. Judge Hughes was reluctant to dismiss the case and declined to do so till the District Attorney positively stated that no conviction could be had. It was stated by the court, however, that the order declaring Wright's bail of \$2000 still stood, as the dismissal of the indictment did not alter the fact that Wright failed to appear for trial as he gave bail to do.

Wright was indicted jointly with Senators French and Bunkers of San Francisco for soliciting and accepting a bribe. Bunkers was tried first and convicted, and is now serving a term in San Quentin. French was tried before another jury and acquitted. Wright jumped his bail and never appeared for trial. His attorneys have been at work for some time trying to get the case against him dismissed.

Thus ends the hoodling sensation in the Legislature that convulsed the State a few years ago. When the charges against Wright, Bunkers and French were sprung in the Senate, all three were called before the bar of the Senate, and failing to establish their innocence, were expelled. They practically made no defense, but merely interposed a plea in abatement, urging that they should not be required to disclose the evidence in their behalf in advance of the criminal trials they had to undergo. As the evidence presented against them in the Senate was direct and positive, that body insisted that the accused men exonerate themselves or suffer expulsion.

It was disclosed at the trials of Bunkers and French that the three Senators, all of whom were members of a committee having jurisdiction over building and loan corporations, had announced themselves as inimical to the Continental Building and Loan Association. Joseph Jordan, clerk of the committee to which the Senators belonged, was approached by an agent of the Continental Association, and undertook to hoodle Bunkers, French and Wright. He testified that he did so, giving them marked money furnished by the agent of the building and loan association. Then the three Senators were charged in open Senate by Frank D. Nicol, attorney for the Continental Association, with blackmail and boodling. When Bunkers was arrested some of the marked money was found in his possession. The money given the others, save one bill, was never discovered.

The case is of interest for various reasons. The Continental Association offered and gave the bribes. No money had been solicited from it by any of the Senators. But the association was threatened with a hostile attack in the Legislature, and the accused Senators, controlling the committee having jurisdiction, had openly expressed themselves as being inimical to the corporation. This condition, according to Mr. Nicol, constituted notice that the association must submit to extortion or be exposed to hostile attack in the Legislature. So the officers of the association decided to pay the price of peace and expose the hoodlers. They did so, and a storm of popular execration was poured out on Bunkers, French and Wright. The threatened attack on the Continental Building and Loan Association was never made, although the admission was openly made that its agents offered and paid bribes to avert legislative action which they deemed would be hostile and injurious.

At no time was it suggested that the hoodlers be granted immunity on condition that they become witnesses against the agents of the building and loan association. But then justice in Sacramento was not at that time entrusted to private hands, with full power to grant absolution to criminals.

A Portland dispatch says Senator Fulton has gone East to enlist the aid of President-elect Taft in the scheme to have the mandate imposed on the Republican Legislature by the people of Oregon at the last State election to elect George S. Chamberlain, who is a Democrat, to the United States Senate repudiated. The plan is to assume that the big majority given in Oregon for Taft absolves the members of the Legislature from their pledge to vote for the man designated by the vote at the polls as the popular choice for Senator. We hardly think Judge Taft will lend any countenance, much less assistance, to the scheme. What would be thought of a man who proposed that the electoral votes of Ohio, Indiana and Minnesota should be given to Bryan because those States elected Democratic governors? There is no law to prevent a Presidential elector from voting for anybody he chooses, but the law of honor, of party usage, and common honesty holds a pledged commission from the people as a sacred trust. In obedience to a law of the State the members-elect of the Oregon Legislature publicly pledged themselves to vote for the popular choice for Senator, as indicated by ballot at the election at which they were chosen. No law can prevent them from violating this pledge save the law of decency and honor. It is hardly necessary to say that Judge Taft stands for decency and honor.

No doubt the public mind will be eased to know that the Ruff jury was allowed to have wine with their Thanksgiving turkey. Circumstances sometimes make trifles appear important. But seriously, the men on the Ruff jury are subjected to a severe ordeal. Some of them have been compelled to be in attendance for months, and are now held in strict communication almost as onerous as prison confinement. The law's delays are having the effect of causing a still greater disposition to shirk jury duty, especially in criminal trials, which are often protracted to an inordinate length. The severe badgering which talesmen have to undergo in court, together with the system of espionage which has obtained vogue, prompts citizens to disqualify themselves by all sorts of subterfuges. So pronounced is the aversion to doing jury duty in the graft cases become that talesmen who do not try to get off are open to the suspicion of being partisans on one side or the other. This condition is a serious obstacle to the prompt and just administration of the law.

The Sacramento Bee scoffs at the statement of Speaker Cannon that the people will get the kind of tariff revision they voted for. "This is none at all," says the Bee. Mr. Cannon also said that the tariff would be honestly revised. This statement is ignored by our Sacramento contemporary, possibly because it contradicts the assertion that there will be no revision of the tariff at all. As the Speaker says, the people should be given the kind of tariff revision they voted for, which is a revision along protective lines. There will be a rearrangement of the schedule, and a lowering of the duties on many articles. In some instances duties may be increased and some articles now taxed will probably be placed on the free list. A free trader may regard this as no revision at all, but it is precisely the kind of revision promised by the Republican platform, and is precisely the sort Speaker Cannon favors.

## Christmas Is Coming.

Now for Santa Claus and the kids—that's the problem of the hour in every well-regulated family, for all well-regulated families have kids, and the kids can't do without Santa Claus, who has always been opposed to rice suicide. Old bachelors will take notice that there are plenty of kids without fathers who would like to hear from Santa Claus on Christmas. Those who have no children of their own to make happy can easily make the children of somebody else happy. That is the way to keep the heart young and warm and tender, and to make life really worth living. A new pair of shoes, a warm jacket, or a top or a doll, or a pocket knife, or a jumping-jack, even a toy balloon confers happiness, and the pleasure of making some little one happy is worth ten times the cost, and it is the kind of pleasure that beats egg nog or champagne, or cigars, all hollow, because it is sweet and pure and lasting. Do something for the children, especially the children of the poor, if you want to enter into the real spirit of Christmas and enjoy a self-approval that is genuine and honestly bestowed. For many years to come the \$600 Julius Abrahamson gave to charity when he bought the golden tag on tag day will linger in memory and self-satisfaction so long as he lives. What he gave to the poor, the sick and suffering will bless his soul and warm his heart toward his fellow creatures. Try it and see.

The Sacramento Union issued a Thanksgiving number that furnished an impressive object lesson of the growth and prosperity of the Capital city. It is illustrated by cuts of many fine business blocks erected during recent years, and a number of handsome buildings of a quasi-public character, such as the Elks' Hall, Odd Fellows' Hall, and a projected building for the Catholic societies. In addition to the new \$500,000 hotel now in course of construction, a new Court House and jail, to cost \$660,000, and a City Hall, to cost \$300,000, are to be immediately erected. All this is proof that Sacramento is a thriving and growing city. The Union claims a population of over 60,000. The registration indicates over 50,000 inhabitants. The fine number of the Union before us shows that a spirit of push and enterprise permeates the community.

"The tariff will be revised, says Taft—by its friends, of course." So says the Bakersfield Californian. Well, didn't the people vote to have the tariff revised by its friends? The electorate voted decidedly against revision by the enemies of the protective system. It is nonsense now to assert that the plan of revision rejected at the polls should be adopted by a Congress pledged to the plan endorsed. Perhaps the Californian approves the kind of revision proposed by Havermeier and Sprickes of the sugar trust, who desire to kill the sugar beet industry by putting raw sugar on the free list.

The generosity of Henry W. Bishop in giving the children in the West Oakland Home an old-fashioned turkey-cranberry sauce-mince pie dinner on Thanksgiving Day is worthy of commendation and emulation. In a few days a doll show will be given for the benefit of the West Oakland Home, which is sadly in need of money, and we trust that Mr. Bishop's example will not be lost on others. The care of fatherless, friendless and homeless childhood is a sacred duty resting upon all alike, hence the West Oakland Home should not call in vain for assistance.

In England the matter of precedence is simplicity itself. Foreign princes and ambassadors precede the Archbishop of Canterbury, who precedes the Earl Marshal, who precedes a duke, who precedes a marquis, a viscount, a baron, etc., but in America the matter is much more perplexing one.

The author of this brochure fully backs the following American dinner precedences:

seemly and if they don't quarrel, their friends are sure to suspect them of collusion and cheating.

## On Witness Stand Lad Admits a Daring Robbery

Jack Lund, 18 years of age, who brought the home of Mrs. A. Stevens, 1522 Franklin street, last May, and at silverware and jewelry valued at \$1, made a full confession of his crime the witness stand before Police Ju Samuels this morning. He was held trial to the Superior Court, his bed.

He will make an effort to be released on probation in the higher court.

According to Lund's confession, he became acquainted with the victim while with an axe, took to the place, and placed the victim in the trunk of a car.

He then drove to San Francisco for the indignant sum of \$50.

Mrs. Stevens alleges that among the stolen property there was a ruby worth \$100,000, a diamond ring and a diamond earring.

Lund professes ignorance as to its whereabouts. Lund then fled to Portland, got into trouble with the police and served a short term for the same.

He was then sent to the northern jail, was turned over to the local officials for the charge of burglary. He is a young man of pleasing appearance and intelligent but a violent badness in the far north.

## Blake's Attorney Seeks and Is Granted Two Weeks' Delay

(Special to The Tribune.)

SAN FRANCISCO, Nov. 27.—E. A. Blake, self-confessed jury briber, and witness in the case against Alton Frank J. Murphy, appeared in Department 6 of the Superior Court this morning for sentence. Owing to the absence of Judge Dume, Judge Carroll took the bench, and a motion was made by Attorney McClell, representing Blake, for a two-week continuance. Assistant District Attorney Deasy consented, saying that the defendant was wanted as a witness in another department, and the matter was therefore put over until two weeks from today.

# Piano Buying Without Precedent at the Eilers Removal Sale

Highest grades of grand, upright and also Auto pianos selling at tremendous reductions—in many cases far below cost. If your home is pianoless don't fail to investigate this today. Sale lasts but three days longer.

Profit is out of all consideration in this great removal sale. We shall be satisfied to leave that to the future. So long as we secure the bare factory cost we shall be the gainers. All new pianos are priced up on this basis. Numerous slightly used ones can be had virtually at the buyer's own price. Showing pianos is equivalent to selling them now. To see more substantial proof of the genuineness of this offer than to enumerate Monday's, Tuesday's and Wednesday's sales, we were sold to some of the best known and influential citizens of Alameda county.

## TWO YEARS IN FROZEN NORTH

GREAT HARDSHIPS ARE  
UNDERGONE BY SCIENTIST

Explorer, Leffingwell, Who  
Sought Land North of  
Alaska, Returns Home After  
Sojourn on the Arctic Shore.

CHICAGO, Nov. 27.—Ernest D. Leffingwell, geologist and explorer, returned to Chicago yesterday from a two years' sojourn in the barren wastes on the northern shore of Alaska. Dr. Leffingwell had for his primary object the task of ascertaining whether or not there was any land north of Alaska.

Despite the fact that the party was unsuccessful in finding any land in the vast expanse of uncharted country, there will be placed to the credit of Dr. Leffingwell and his party by the Geological Society of the world the exploring and mapping of three rivers in the frozen north.

On May 15, 1906, Dr. Leffingwell, accompanied by Captain Elias Eklund, Dr. George Howe, Edgar D. Jensen, a Danish naturalist, and a crew of four sailors, set sail in the Duchess of Bedford with Banksland as a destination.

### Blocked by Ice

Last night Dr. Leffingwell said: "Aided by the Royal Geographical Society of London and the American Geographical Society of New York, I purchased a sealing vessel of sixty-five tons.

"After we passed Point Barrow the ice was so heavy that we were unable to go on until Captain Cottle of the steamship Belvidere towed us 100 miles through the broken ice. We finally reached the Flaxman Islands. "In March, 1907, we started on a two months' sled trip over the ice in search of land. Everywhere we sounded we obtained such great depths that we did not consider it advisable to search farther in that direction.

### Deserted by Crew

"The crew left at the end of the first year and returned to civilization. Later Captain Mikkelsen left. He made a marvelous journey for 3000 miles over the dreary wilderness of North Alaska, from the Flaxman Islands to Valdez.

"Captain Mikkelsen's departure left me alone of all who had come north in the Duchess of Bedford. I decided to remain during the winter and do geological work and surveying. Most of the time I worked alone but was occasionally helped by an Eskimo boy. "I shall return next year to Flaxman and other regions of the coast, for sea and the Arctic and probably will remain there for three or four years."

## CARDINAL URGES CIVIL RESPECT

Authorities of Government  
Must Be Respected, Declares  
Cardinal Gibbons.

BALTIMORE, Md., Nov. 27.—In the course of an address delivered at St. Benedict's school yesterday, Cardinal Gibbons said:

"The church teaches that civil authorities must be respected no matter what the nationality or religion of the incumbent office. I received a letter today from a man asking me whether he ought to respect Mr. Taft, President-elect, because he understood Mr. Taft was not a believer in Our Lord. I was amazed and can scarcely believe the man was a true Catholic. You must have no less respect for those at the head of your government than you have for the Pope in his deplorable. There is a great evil in this land that forebodes revolution or a partial upheaval of society. The only way to avoid a catastrophe is to teach our young men to respect the authority placed over them."

### PARKER MAY FIGHT TO GET PLATT'S TOGA

ALBANY, N. Y., Nov. 27.—Although William J. Connors, chairman of the Democratic State Committee, is in Europe and is not expected to return until the latter part of December, political gossip here are already speculating as to who the Democrats are likely to name as their candidate for United States Senator to succeed Senator T. C. Platt. Alton B. Parker, former chief judge of the Court of Appeals, Lieutenant Governor Lewis Stuyvesant Clinch, Lewis Nixon of New York and others have thus far been mentioned as possible nominees. With an overwhelming Republican majority in both branches of the Legislature, the Democratic nomination means little more than an empty honor.

### WILL PULL TOGETHER DEMOCRATIC REMNANTS

NEW YORK, Nov. 27.—With the announced purpose of taking such action as may be necessary looking toward party success in 1912, William J. Liller, chairman of the National Democratic League, has called a meeting of representatives of all regularly organized Democratic clubs to be held in Washington, D. C., on December 9th and 10th next. Mr. Liller said that the proposed meeting has not been called in the interest of Mr. Bryan or any other candidate.

# Our \$15 Rain Coats

Only the man who has a Cravenette knows the real comfort it affords in stormy weather and the satisfaction he gets out of the same garment as an overcoat in cold weather.

We have a Rain Coat at \$15 we want you to know about. You can have your choice of black or fancy mixed patterns. Garments are 52 inches long, but wide and full to permit of easy walking. Better see them—go to our nearest store and ask for the Rain Coat we sell for \$15.

## Overcoats at \$15

Three-quarter lengths in overcoats have the call this season. Anticipating it, we have collected the largest stock in the city, assigning to each store a full assortment of styles, fabrics and patterns. At \$15 we give you an exceptionally good garment.

## Fall Suits at \$15

At this price we can give you any style you want and in practically any pattern; also be serge and black thibets. Hand tailored in every part; cut to insure a perfect fit. Were they marked \$20 you would say they were good values; the price, however, is but \$15.

## Money Gifts to Our Patrons

We are celebrating our anniversary in our customary manner and are giving to each purchaser of a man's suit or overcoat a box containing crisp new banknotes. The amounts range from \$1 to \$50.  
It is a gift pure and simple to show our appreciation for your loyal support and hearty support in helping us grow to be the largest clothing establishment on the Pacific Coast.  
Every purchaser is assured a gift. Some of the boxes have \$1, some \$2, some \$5, and some \$50.  
Gifts given in all stores.

## Men's Hats for \$3

Stiff and soft shapes in greens, browns, pearls, oxford and black, with bands and bindings to match; all the shapes of the season; best hat we know of for \$3.

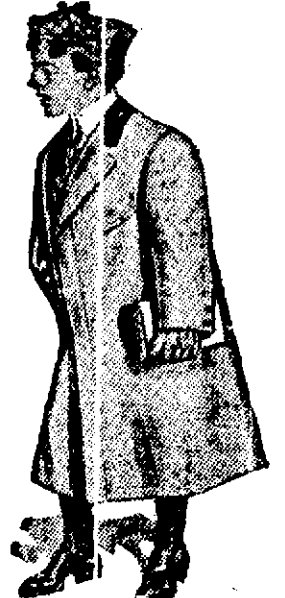

## The Stratton—A Stylish Long Overcoat for Boys

Here is the overcoat to buy the boy for winter. It's a long elegant garment coming down to the shoe tops, affording protection in the storms.

Made of good all wool chevrons in many pretty mixed patterns; stylish Oxfords among them; black velvet collars; sizes for every boy from 7 to 14 years of age.

Come to one of our stores and ask to see "The Stratton" and we will show you the best all around winter overcoat for \$5 to \$10 for the price.

We have a big surprise in store for the children next week. Look out for it. We will give you the details in Sunday's paper.

## 'The'er All In

That's usually the case right after Thanksgiving particularly with Turkeys. But I mean overcoats — and we certainly have one grand bunch of them. The kind with the high collar, full skirt, pocket cut with side slit, and in those new shades of green and brown. Geo. but they're well, and the price is easy. I really don't see how the boss can mark them so close and still pay the light bill. We start them at \$12.50 and up to \$40.00. I'll be in the window this week playing model.

JACKSON Nov. 27.—Funeral services for the late Judge R. C. Jackson, who died of cancer, were held at 10 o'clock today at the residence of his wife, Mrs. Jackson, 1000 Franklin St. The services were conducted by the Rev. J. H. Mason, pastor of the First Baptist Church. The remains were taken to San Francisco for cremation.

## ANNOUNCEMENTS

## GIVING AWAY NEW PATENTED DUST PANS TO THOSE BUYING COAL

AMERICAN FUEL CO. GETS HOLD OF CLEVER HOUSEHOLD DEVICE WHICH THEY PROPOSE TO GIVE AWAY AS SOUVENIRS TO ANY ONE BUYING A HALF TON OF AMERICAN BLOCK COAL TOMORROW—A DUST PAN THAT FITS UPON A WOMAN'S TOE AND SAVES STOOPING OVER.

The American Fuel Co. the concern making such a wonderful success of the introduction of American Block Coal, have arranged with the Eastern manufacturers of a newly patented dust pan to supply them with an immense quantity of pans, one of which they propose to present to every woman purchasing at one time half a ton or more of coal.

These dust pans are cleverly arranged, so that a woman can slip her foot under a metal trap and by a slight pressure of the foot blind the pan to the floor and easily sweep the dirt into the pan without stooping or getting down upon her knees as is necessary with the old style dust pan. It is one of the best little labor saving devices I ever saw, said one of the managers of the American Fuel Co. today, "and I'm sure our half-ton customers will be exceedingly glad to have them. One thing that seems to tire a woman more than anything else in housework is the necessity of continually stooping over, getting down on her hands and knees and, as far as sweeping is concerned, these little dust pans will stop that. In so much as we are giving them away, and as they are in quantity somewhat expensive we have taken the liberty of printing our advertisement in small bold letters upon them, which of course does no harm, and which we assure our customers will not object to. We have been promising these dust pans for some time, and now that they are here, at last, presume there will be quite a rush for them."

## THREAT TO MURDER LAWYER

COUNSEL FOR RUSSIA SAYS LIFE IN DANGER

Attorney Acting for Czar's Government in Attempt to Extradite Prisoner Tells Court of Threat.

CHICAGO Nov. 27.—William C. Rigg, of counsel for the Russian government in the extradition case against Charles F. Rudowicz, read in court today a letter threatening his life unless he dropped the prosecution and left Chicago. The missive was anonymous.

The Russian government alleges that Rudowicz is wanted for murder, while the attorney's defense is presented to United States Commissioner Foster is that the murder charge is a pretext to get him back to Russia to be tried for a political offense.

The local Russian colony subscribed funds for the defense of Rudowicz, which has admitted that he was a revolutionist.

## RABBIT JUMPS INTO AUTO TO ESCAPE A DOG

CALDWELL N. Y. Nov. 27.—A rabbit rode in an automobile and a dog pursuing it dropped dead. These strange incidents sound like a tale from Yimchausen, but they actually occurred near here yesterday.

Chased by a velving hound, the rabbit jumped on a stone wall and for a while ran parallel with the automobile driven by Charles Crampay, a New York business man. Suddenly the little animal leaped from the wall and landed plump in the tonneau of the car. The hound not to be thus outwitted, continued to pursue the automobile until it dropped dead, either from exhaustion or from the effects of gasoline fumes. The rabbit was captured and taken home by Crampay.

## Wants Gunboat To Use in China

NEW YORK Nov. 27.—A special dispatch to the Herald from Manila says Consul Denby at Shanghai has requested Rear Admiral Harbor to send gunboats to Shanghai to protect American interests and the island of Formosa and the island of Luzon. The request is being considered with this request the Helms will steam today.

Advises from Washington early today said that no word had been received at the Navy Department concerning such a request by Mr. Denby, but that Rear Admiral Harbor would in such a case proceed on his own authority and not necessarily advise the department.

TO VISIT STATE  
LOS ANGELES Nov. 27.—Governor John A. # BRAVE ACT OF LIFE SAVERS

WENT 11 MILES IN AUTO  
BOAT BRAVING ICY WAVES

Two Young Men Swept Out on  
Lakes While Duck Hunting--  
May Die From Effects of  
Exposure.

CHICAGO, Nov. 27.—Swept by a fierce gale far out into the lake in an open boat, one ear gone, and the small craft half-filled with water, Otto Wengle and Peter G. Meyer faced what seemed to them to be certain death yesterday, when they were rescued by the life saving crew, which sped eleven miles to their aid in a motor-boat.

Both men were exhausted from their fight against awful odds and are in a serious condition at their homes as a result of the exposure. Wengle and Meyer put out into the lake in their small boat shortly after daylight to hunt ducks along the shore. They had rowed only a short time when they were caught by the terrific off-shore wind and blown rapidly lake-ward.

Bravely the two men battled against the waves in their efforts to get back to shore, but one of their two ears snapped suddenly and they were left almost helpless and at the mercy of the waves. The remaining ear was used to keep the boat's prow to the wind and by this means Wengle and Meyer held it to keep the boat from swamping. While one held the oar the other worked frantically with a small dipper, bailing the water from the fast-filling craft.

## Woman Gave Alarm

A woman on shore sighted the small boat buffeted about in the seas that were steadily growing worse, and she telephoned to the life saving station. Captain Charles Carland at once put to sea with his crew in a motor-boat, and a top speed they headed for the small shipwreck that was visible eleven miles away only when it rose on the crest of a big wave.

They reached the little craft just in time for Wengle, benumbed by the wind and exhausted, had fallen to the bottom of the boat, and Meyer was almost on the point of giving up his bailing in despair when the motor-boat came alongside.

On their return trip to the shore the life savers worked vigorously over the men to prevent their succumbing to the exposure they had suffered.

# PRESIDENT PRAISES FULLBACK OF HARVARD

Declares, in Letter, That His  
Playing Was Such as Makes  
For Good Citizenship.

CAMBRIDGE, Mass., Nov. 27.—Ernest Verwebe's wonderful work as fullback on Harvard's football eleven, which defeated Yale last Saturday, has been recognized by President Roosevelt, who has written a letter to Verwebe congratulating him. The letter follows:

"Like every other good Harvard man, I have the heartiest feeling of gratitude to the entire team who won the great victory on Saturday last. But I feel an especial sense of gratitude toward you. It was through you more than any other player that the Harvard team was enabled to win the game which he did so admirably and to kick the goal from the field.

For the good of the team your individual good was sacrificed and through this sacrifice and through the admirable work you had already done and through Kennard's fine kick, a victory was won. However, it was a first rate example of the interest of an individual being subordinated to the good of the team. There can be no better lesson for our national life than to teach that the good of the individual must be subordinated for the good of the people.

Now I have the heartiest admiration for Kennard's feat. He kicked the goal and he did a service that no one else could have done and too much credit cannot be given him; but you are entitled to every bit as much and every man I have met here feels just the way I do. With best good wishes and congratulations, believe me, sincerely yours,

THEODORE ROOSEVELT.

## SHOTS WIFE, THEN TAKES HIS OWN LIFE

CHICAGO, Nov. 27.—Edmund McCabe an engineer, went home while intoxicated last night and ordered his wife, who had prepared a Thanksgiving dinner to go out and "bring some beer and be quick about it." She was lying on the bed and, being frightened, pulled the bedclothes tighter about herself. The husband then fired two shots from a revolver, one bullet entering the woman's body below the heart, the other penetrating her side. He then shot himself through the heart and fell dead. The woman is unconscious at a hospital but may recover.

# When to Use Dr. Williams' PINK PILLS

These pills were originally a prescription used in the doctor's private practice and their benefit to mankind has been increased many thousand fold by their being placed on general sale with the doctor's own directions for use. They are entirely safe and contain no opiates or other habit-forming drugs.

Dr. Williams' Pink Pills are the remedy to use when the blood is thin as in anemia; or impure, as in rheumatism; or when the nerves are weak, as in neuralgia; or lifeless, as in partial paralysis; or when the body as a whole is ill nourished, as in general debility. They build up the blood, strengthen the nerves and have cured troubles of women and growing girls and many forms of weakness. That hundreds of people have tried the treatment with good results is shown by the increasing number of cures reported.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent postpaid, on receipt of price 50 cents per box; six boxes, \$2.50 by the Dr. Williams Medicine Company, Schenectady, N. Y.

# WIFE ENDS LIFE AFTER A QUARREL

Dispute With Husband Leads  
Woman to Take Fatal Dose  
of Carbolic Acid.

Inharmonious relations between husband and wife, which resulted in frequent quarrels in the home, led to the suicide, about 2 o'clock yesterday, a woman, Mrs. Ethel Branch, wife of G. W. Branch, a machinist, whose residence is at 1222 Seventh street. Death came at the receiving hospital and was caused by a dose of carbolic acid which the woman had swallowed after one of the family quarrels which followed the discovery by the husband of the wife peddling Chinese lottery tickets in a store on West Seventh street.

The quarrel was a noisy one and attracted the attention of a number of the neighbors. Before the parties could harmonize their differences the wife went into another room and swallowed the fatal dose. Soon after the husband heard screams coming from the room and on entering the apartment found a partly undressed body containing carbolic acid. The woman at the time was unconscious.

The husband notified the police and the wife was removed to the receiving hospital, where all that was possible was done with the hope of saving her life. Higher and better skilled technicians will be required to remove the body was later removed to the morgue, where an inquest will be held.

## ADMIRAL URGES ECONOMY.

WASHINGTON, Nov. 27.—There is a field for improvement in the huge machinery installed in the United States navy and many problems of efficiency and economy which can be solved, notably in coal and oil consumption and the reduction of expense of a ship costing to the navy yard for repairs by a closer and better supervision of machinery details which can be guided by a higher and better skilled technical knowledge and greater economy in management, says Admiral John K. Horton.

# "Man Is As Old As His Stomach"

This Persian Epigram Is the Real  
Gauge of a Man's Life.

The Persians were a very sagacious people, noted among other things, for their deep thinking of life and the things which make up life. The above epigram shows the wisdom of their thought.

The stomach is the system as fast or faster than the natural decay of any organ in such a man life's fullness and life best.

When through wrong living or disease a man's stomach begins to fail the other organs and tissues of the blood strength which it cannot give back in nourishment taken from food, then begins the death of man and he decays fast. The stomach is strong, splendidly strong, and can stand an untold amount of abuse and neglect, but when it dies man dies.

The stomach gives tons upon tons of good rich blood every year to the system and draws only 80 lbs. of nourishment for its own use. If, however, the food it receives cannot be turned into blood which is capable of use by the body, then the stomach receives no help from the other organs.

Stomach's Digestion. Stomachs contain the most perfect digestive qualities known to science and at the same time the most powerful. They will mix with the poisonous juices of a sick stomach and digest food in spite of this handicap. They will stop gas making and bad breath. They tone up the nerves of the whole digestive system, including those of the stomach. A single ingredient contains a strength enough to digest 3000 times its weight in food. They have stood the test of time and today are more sought after than all their inferior substitutes. They are used and endorsed by 40,000 physicians. Every druggist sells them, price 50c. If you are suffering from indigestion, stomach trouble, or any other ailment, send us your name and address and we will send you a trial package by mail free. Add 5c for postage.

# THUG TAKEN BY GIRL VICTIM

CAPTURED BY WOMAN  
HE AND PAL ROBBED

After Having Been Strangled  
Nearly to Death, Girl  
Watches for Assailants and  
Points One Out to the Police.

CHICAGO, Nov. 27.—Acting as her own detective, Miss Amelle Emerson, last night captured a hold-up man, who, six weeks ago, robbed her of \$125 and a gold watch. The prisoner, who gave the name of Edward Kelly, confessed to the police that he was one of the thieves. He refused to reveal the identity of his companion in crime.

Miss Emerson has been in America only a year, coming from Germany. She is twenty-five years old. One night, in the early part of October, she was confused and asked two young men to direct her to her residence. They volunteered to escort her.

## Did Not Suspect

Being a stranger in the country and believing everybody honest, the girl did not suspect that the two men were bent on robbing her. She was taken in the general direction of her dwelling place and was led into Washington Park, where the two men strangled her and robbed her of a bag of money that she wore around her waist. During the resistance she made to save the money her clothing was torn to shreds. The robbers beat her and left her unconscious. On reaching the home of her employer early in the morning, a doctor was called to attend her. Her condition was serious.

## Watched Theaters

Detectives worked on the case several days, but without result. For the last month Miss Emerson has nightly visited the five-cent theaters in State street in the hope of catching the men who robbed her. Last night her efforts were rewarded. She recognized Kelly as he came out of a five-cent showhouse and followed him until she came to Policemen Powers and Dowling. "Arrest that man," she exclaimed. "He robbed me six weeks ago."

## KIDNAPS EX-WIFE AND HOLD HER A CAPTIVE

SEATTLE, Nov. 27.—R. M. Paulkner kidnaped his divorced wife and held her captive for ten hours. When Mrs. Mary Paulkner, the girl wife, Mrs. Blanche Paulkner, secured through court decree, a legal separation from Paulkner, she returned to the home of her parents, Mr. and Mrs. M. Taylor, 2312 Harvard avenue. Yesterday morning during the absence of all the members of the family save his former wife, Paulkner went to the Taylor residence, forced a locked door, and leveling a revolver in the face of the young woman told her to accompany him. He took her to his apartment at Sixth and University streets, and there Wednesday night, holding a revolver to her head while she telephoned, made her tell her father that she would not return home until morning.

## RECORD GRAPE CROP.

REDWOOD, Nov. 27.—The Stanford vineyard, near Yuba, produced 670,000 tons of grapes this season, all of which has been made into wine or brandy. There are 2500 acres in vines. Pruning will be commenced next month and the crop will keep 150 men busy for four months.

# FIGHT BURGLARS ON THE FIRE ESCAPE

Battle 200 Feet in Air Excites  
a Large Chicago Crowd--  
Police Finally Capture  
Them.

CHICAGO, Nov. 27.—A desperate battle between burglars and detectives on a fire escape one hundred feet from the ground yesterday, thrilled hundreds of spectators who surrounded the plant of the Western Metal Manufacturing company. The detectives were held at bay by the thieves they had trapped.

Stanley Cieslinsky, aged nineteen years, and Stanley Glerch, aged twenty years, both of whom have been in the hands of the police before, were the men arrested. Cieslinsky was released from the Bridewell only last Tuesday, after serving time for burglary.

The burglars fled across a roof, down a fire escape, and into a second story window, where they again held the pursuing officers at bay until a company of firemen arrived, whom they were captured.

# LEAGUE OPPOSES KNIGHT FOR NAVY

Merry Row Over Report That  
Californian Will Be Offered  
Cabinet Position.

SAN FRANCISCO, Nov. 27.—A merry row has been started in the political circles by the report that high national honors are to be offered George A. Knight.

Chastor A. Rowell and the Lincoln-Lincoln League are opposing the appointment of Knight as Secretary of the Navy in the Taft Cabinet. They accuse him of being on the "organization" side of the political fence.

But on the other side are ranging some of the leading Republicans of the machine who call themselves the "regulars," and are known as "reformers," an opposed to "reformers." Governor Gillett has taken up the gauntlet and has sent on to Washington a hearty endorsement of Knight. The two men are friends from "racy talk" in Humboldt county, and so the Governor in to the fore on behalf of the skipper of the good launch "Athlete," the craft on which Knight has won his greatest naval fame.

Most of the California Congressmen are for Knight. The fight is on, and Governor Gillett has accepted the position of leader of the Knight forces against the attack of Chastor Rowell and the Lincoln-Lincoln League.

# PASTOR OBJECTS TO TIGHTS IN PICTURE

Also Found Fault With Other  
Moving Pictures and Broke  
up Church Show.

NEW YORK, Nov. 27.—Calvary M. E. Church, of which the Rev. G. O. Goodell is pastor, finds itself with an unpleasant Thanksgiving episode on its hands. A picture entertainment was in progress there last evening, when suddenly the pastor's voice was heard in the darkened edifice protesting against a picture of the burning of Rome, in which women were shown attired in nightgowns. The picture, declared Goodell, was unfit for the children in the audience to see.

After a moment of hesitation the operator threw on the screen a highway robbery scene. At this there was another protest and the show was declared off. Those who had paid 25 cents entrance fee were disappointed when the entertainment was ended so abruptly and demanded their money back. Free admission was promised to the next exhibition, but the complaints continued. As a last resort the police took a hand, ordering the dissatisfied ones to leave the church.

# PASSENGER ON STEAMER REPORTS LOSS OF VALUE

(Special to The Tribune.)  
SAN FRANCISCO, Nov. 27.—Thomas Truitt of Hollister reported to the press this morning that some one had stolen his suit-case, containing clothing the value of \$25, while he was a passenger on the steamer Arrow, bound to his city. He said he was standing at the bar on the boat and placed his suitcase beside him. When he turned to pick it up it had disappeared and he was unable to recover it, although he made a careful inquiry about it.

# IMMEDIATE RELIEF

from Coughs, Colds, Sore Throats and Hoarseness by Using Hyomel.

When you catch cold you want to get rid of it as quickly as you can. You don't want to lie around the house for a week swallowing nauseating drugs. You know when you do this that you are not only making your own life miserable, but are a nuisance to everyone about you.

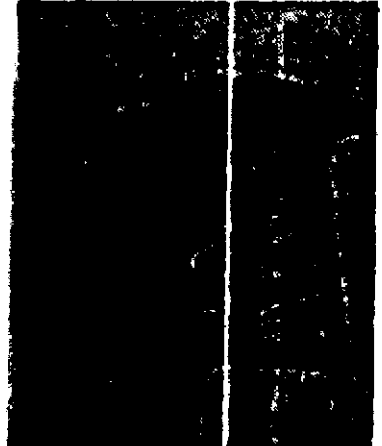

Why not avoid all this; why not relieve your cold in five minutes; why not cure it over night? You can do it by using Hyomel, the safe and sure cure for Colds, Coughs, Sore Throat, Catarrh, Bronchitis and Asthma.

Hyomel is medicated and antiseptic; it goes straight into the lungs through a small pocket inhaler, and its soothing influence as it passes over the inflamed membrane of the respiratory tract, stops the mucous discharge, allays the inflammation, and the cold is cured. A complete Hyomel outfit costs \$1.00, and any leading druggist will refund your money if it fails to cure.

RUSSELL AND WIFE CURED.  
I had a bad form of catarrh. My left nostril was closed entirely. There was also a constant dripping of mucus from the right. I only used Hyomel a little over two weeks, and was cured. My husband was cured of catarrh and was cured of his

## Killed as Train Strikes Hand-Car

FRESNO, Nov. 27. — Antonio Butierrez, a section hand, was instantly killed this morning when a passenger train running at forty miles an hour, crashed into the rear of a hand car seven miles east of this city on the Porterville branch of the Southern Pacific. A dense fog was responsible for the accident.

Four companions jumped from the car, but Butierrez was thrown thirty feet and mangled beyond recognition. The hand car was demolished and the engine cow catcher badly torn.

**TO GREET ENVOY.**  
WASHINGTON, Nov. 27.—Arrangements were made by the State Department today for the reception of Tang Shao Yi, the Chinese special envoy, who probably will reach this city Monday next. The envoy will be met at the Union station by either Assistant Secretary Bacon or Assistant Secretary Wilson and others.

## MAIL THIEF IS FOUND GUILTY

MAXIMUM PENALTY FOR CRIME IS 35 YEARS

Negro Who Stole Pouch Containing \$50,000 Must Serve Time -- Thought to Have Buried Treasure.

KANSAS CITY, Nov. 27. — Charles Stevens, the negro who stole \$50,000 from a registered mail pouch here several months ago, was found guilty in the Federal court today on all six counts. The maximum penalty is thirty-five years. He will be sentenced later. Stevens traveled extensively following the robbery and spent money freely. He finally returned to his haunts in Kansas City and was arrested. He was placed on trial Wednesday last and was defended by a lawyer who came here from San Francisco for that purpose. The stolen pouch containing money being shipped to New York City by a Los Angeles bank. The pouch was recovered, but none of the money was ever found by the officers. Stevens is believed to have buried the treasure with the idea of getting it when he has served out his term in prison.

## Different Views on The Servian Crisis

BELGRADE, Servia, Nov. 27. — M. Milanevich, the Servian minister of foreign affairs who recently returned here from a tour of the capitals of Europe in the interests of his government in the matter of the proposed conference to settle the Balkan situation, seems to have satisfied his ministerial colleagues with the result of his efforts. This outcome probably will avert a cabinet crisis.

## Situation More Dangerous

MERLIN, Nov. 27. — The Balkan situation is considered to have grown more disquieting. The Austro-Hungarian preparations are taken to indicate that Austro-Hungary is determined to support her claims at all hazards and that she will promptly crush any attempt on the part of Servia or Montenegro to disturb the peace. In the meantime negotiations for an international congress drag on.

### Couple Ask Court To Annul Divorce

(Special to The Tribune.)  
SAN FRANCISCO, Nov. 27.—John F. Stone and his wife, Annie Stone, appeared in Judge Graham's court Monday, and requested that the honorary decree of divorce granted woman in 1907 be set aside, as the affected a reconciliation. The couple were married in 1903, the groom 18 years old and the bride 15 years. The parents, however, consented to the marriage and the complaint made year charged Stone with intoxication. He stated, however, today, that he had reformed and the couple were going to live at his mother-in-law's house, 290 Capp street.

"How do you like your mother-in-law?" questioned Judge Graham. "She is the best woman I ever met," last replied Stone.
